## Paper 1

Friday 10 May 2013 – Morning <b>Time: 2 hours 30 minutes</b>	Paper Reference <b>4AC0/01</b>
---	-----------------------------------

<b>You do not need any other materials.</b>	Total Marks
---	-------------

**Instructions**

- Use **black** ink or ball-point pen.
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- Answer **all** questions.
- Answer the questions in the spaces provided – *there may be more space than you need.*

**Information**

- The total mark for this paper is 100.
- The marks for **each** question are shown in brackets – *use this as a guide as to how much time to spend on each question.*
- Calculators may be used

**Advice**

- Read each question carefully before you start to answer it.
- Write your answers neatly and in good English.
- Try to answer every question.
- Check your answers if you have time at the end.

**SECTION B**

**Answer ALL questions.**

**11** New Wave Clothing supplies clothing to retailers. The following document is being prepared to send to a customer.

(W)..... Note

**New Wave Clothing**  
**33 Market Square**  
**London**

Harvey Nichols  
 22 Alexander Terrace  
 London

24 April 2013

Quantity	Code	Description	Unit price (£)	Total (£)
10	KRD2	Ladies Coats	80	(X)
	Trade Discount 20%			(Y)
				(Z)

Goods damaged in transit

(a) State the word that is missing at (W). (1)

.....

(b) State the figures that are missing at: (3)

(X) .....

(Y) .....

(Z) .....

(c) Why does New Wave Clothing offer Harvey Nichols a trade discount? (2)

.....

.....

.....

On 1 April 2013 Harvey Nichols owed New Wave Clothing £2 380. In addition to the transaction shown on the previous page, they purchased goods on 15 April 2013 for £1 240 and paid the full amount due on their account on 30 April 2013 by cheque.

(d) Prepare the account of Harvey Nichols in the books of New Wave Clothing for the month of April 2013 showing all the transactions for the month.

(4)

- 12 Johan is a sole trader who sells goods for cash and on credit. He provided the following information for the year ended 31 December 2012.

	1 January 2012	31 December 2012
	£	£
Debtors	13 400	17 500
Creditors	9 600	11 200
Stock	3 400	4 500

His summarised bank account for the year ended 31 December 2012 revealed the following:

	£
Opening bank balance at 1 January 2012	2 460 (Dr)
Receipts from cash and credit customers	64 100
Payments for the year to suppliers, expenses and drawings	43 800
Closing bank balance at 31 December 2012	12 760 (Dr)

During the year ended 31 December 2012:

	£
Cash sales banked during the year	11 600
Cash purchases during the year	14 250
Payments to credit suppliers	35 700
Discount received from credit suppliers	700

(d) Using the figures calculated in (c), and stating the formula used, calculate each of the following ratios to two decimal places

percentage of gross profit to sales

(2)

Formula	Calculation

rate of stock turnover

(2)

Formula	Calculation

After the preparation of his trading account, Johan discovers that he has not yet deposited additional cash sales of £1 350 into the bank. He has used this money to pay for additional purchases of stock.

(e) Indicate by placing a tick (✓) in the table below the effect (if any) of this transaction on the following items.

(3)

	Increase	Decrease	No Effect
Gross profit			
Percentage of gross profit to sales			
Rate of stock turnover			

(Total for Question 12 = 25 marks)

14 The following trial balance was extracted from the accounts of Safiya after the preparation of the trading, profit and loss account for the year

**Safiya  
Trial Balance as at 31 March 2013**

	Debit	Credit
	£	£
Accruals		875
Bank	8560	
Bank loan – payable 2015		16 000
Capital		64 500
Closing stock	6 000	
Creditors		15 680
Debtors	4 980	
Drawings	21 000	
Fixtures and fittings (cost)	40 000	
Motor vehicles (cost)	55 000	
Net profit		14 366
Prepayments	1 430	
Provision for depreciation – fixtures and fittings		5 000
Provision for depreciation – motor vehicles		19 800
Provision for doubtful debts		749
	<b>136 970</b>	<b>136 970</b>

(a) Prepare the capital account of Safiya for the year ended 31 March 2013. Balance the account on that date and bring the balance down to 1 April 2013.

(4)

**Capital Account**

Date	Narration	£	Date	Narration	£

(c) Using the figures calculated in (b), and stating the formula used, calculate each of the following ratios to two decimal places.

Current ratio

(2)

Formula	Calculation

Quick ratio (acid test)

(2)

Formula	Calculation

Safiya provides the following information for the previous financial year.

	Current ratio	Quick ratio (acid test)
Year ended 31 March 2012	2.5:1	1.4:1

Question Number	Answer	Mark
14 (d)	<p>Award (1) mark for a general statement regarding the change in liquidity over the two years; a further (2) marks for a discussion on the meaning of each individual ratio; (1) mark for the implication for their creditors and a final (1) mark for a conclusion.</p> <p><b>Sample answer</b></p> <p>The liquidity of the business has worsened over the two years (1) which is evidenced by the reduction in both ratios. The current ratio indicates that they are just able to cover their short term debts (1) whereas their quick ratio indicates that they are below the ideal ratio of 1:1. (1) The implication of this for a creditor is that the business may experience some difficulty in meeting its short term debts (1).</p> <p>The business needs to consider whether it needs to take steps to invest more cash into the business in order to meet its short term obligations (1)</p>	<p><b>(5)</b></p>

15 Khalid purchased a new packaging machine costing £120 000 for his business on 1 July 2010. He decided to depreciate this machine at the rate of 20% using the reducing balance method.

(a) Explain the following two methods of depreciation.

Straight line

(2)

.....
