### Instructions

- Use **black** ink or ball-point pen.
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- Answer **five** questions, choosing **two** from Section A and **three** from Section B.
- All calculations must be shown.
- Answer the questions in the spaces provided  
– *there may be more space than you need.*
- Do not return the insert with the question paper.

### Information

- The total mark for this paper is 200.
- The marks for **each** question are shown in brackets  
– *use this as a guide as to how much time to spend on each question.*
- Calculators may be used.
- The source material for use with Questions 1 to 7 is in the enclosed source booklet.

### Advice

- Read each question carefully before you start to answer it.
- Write your answers neatly and in good English.
- Check your answers if you have time at the end.

|                                    | <u>1 129 400</u> | <u>1 129 400</u> |

**Additional information at 31 December 2015**

(1) Inventory:

|                  |         |
|------------------|---------|
| Raw materials    | £31 400 |
| Work in progress | £48 700 |
| Finished goods   | £15 500 |

(2) Manufactured goods are transferred from manufacturing to finished goods at an agreed transfer price of £5 per item. During the year ended 31 December 2015 a total of 98 000 items were transferred to finished goods.

(3) Depreciation is charged as follows:

- manufacturing equipment at the rate of 25% per annum reducing balance
- office fixtures at the rate of 15% on costs.

(4) 70% of the rent and rates is apportioned to manufacturing.

(5) General expenses owing £1 100.

(6) The provision for doubtful debts is to be maintained at 5% of trade receivables.

(7) The owner of Kiddy Kit withdrew £1 500 by cheque for his private use on 30 December 2015. No entries had been made in the books.

**Required:**

(a) Prepare the:

- (i) Manufacturing Account for the year ended 31 December 2015 (16)
- (ii) Statement of Comprehensive Income for the year ended 31 December 2015 (14)
- (iii) Statement of Financial Position at 31 December 2015. (14)

An overseas supplier has offered to manufacture all the children's clothing for Kiddy Kit at the rate of £5 per item of clothing.

- (b) Evaluate whether the owner of Kiddy Kit should accept the offer from the overseas supplier. (8)

**(Total for Question 1 = 52 marks)**

**Answer space for question 1 is on pages 2 to 8 of the question paper.**

(14)

(b) Valid answers may include:

Arguments for

- Fewer manufacturing problems
- Management can concentrate on trading
- Manufacturing assets can be sold to release cash
- Manufacturing space can be used to expand the business
- Manufacturing and admin costs may be reduced
- Might be able to develop other products to extend range.

Arguments against

- Security of supply from overseas
- Exchange rate fluctuations
- Supplier may increase prices in the future
- Social accounting aspects: impact on employment and local community
- Quality issues
- Cost of redundancies.

Profit and cost considerations (of)

- The factory is currently making a profit/loss
- Buying costs will be higher/lower
- Buying on credit could improve cash flow

√√ per valid point. Maximum **two** valid points for and **two** valid points against.

**Additional information**

(1) Inventory on 1 January 2014, £10 000.

**Required:**

(a) Calculate for **both** the years ended 31 December 2014 and 31 December 2015 the:

- (i) Gross profit as a percentage of revenue
- (ii) Rate of inventory turnover
- (iii) Profit for the year as a percentage of revenue
- (iv) Return on capital employed.

(24)

(b) Give **one** possible reason for the change between the years ended 31 December 2014 and 31 December 2015:

- (i) Gross profit as a percentage of revenue
- (ii) Rate of inventory turnover
- (iii) Return on capital employed.

(6)

Between 31 December 2014 and 31 December 2015 the bank balance increased from an overdraft of £70 000 to a positive balance of £55 000.

(c) State **four** reasons for the improvement in the bank balance at 31 December 2015.

(4)

(d) Calculate the current ratios at **both** 31 December 2014 and 31 December 2015.

(6)

(e) Comment on the size of the current ratio in **each** of the two years.

(4)

On 1 January 2015 Baako had set new business objectives for the year. These were to:

- Increase revenue
- Increase profitability
- Improve liquidity.

**Required:**

(f) Evaluate the success of Baako in achieving her new business objectives for the year ending 31 December 2015.

(8)

**(Total for Question 2 = 52 marks)**

**Answer space for question 2 is on pages 9 to 14 of the question paper.**

2(a)

|   | 2014                                     | 2015   |
|---|--|--|
| (i) Gross profit to revenue percentage          | $\frac{100}{300} \times 100 = 33.33\%$ ✓ | $\frac{160}{400} \times 100 = 40\%$ ✓            |
| (ii) Rate of inventory turnover                 | $\frac{200}{(10 + 15)/2} = 16$ times ✓   | $\frac{240}{(15 + 25)/2} = 12$ times ✓           |
| (iii) Profit for the year to revenue percentage | $\frac{30}{300} \times 100 = 10\%$ ✓     | $\frac{32}{400} \times 100 = 8\%$ ✓              |
| (iv) Return on capital employed                 | $\frac{30}{200} \times 100 = 15\%$ ✓     | $\frac{32 + 2}{200 + 100} \times 100 = 11.3\%$ ✓ |

(24)

(b)

| Based on OFs                           | 2014 to 2015   |
|--|--|

**SOURCE MATERIAL FOR USE WITH QUESTION 3**

- 3** Taavi and Garcia are partners in a restaurant business. They share profits and losses in the ratio 2:1. Interest is allowed on capital at the rate of 5% per annum and Garcia receives a partnership salary of £7 500. There is no interest charged on drawings. The following information is available for the year ended 31 December 2015:

|                               | £      |
|-------------------------------|--------|
| Wages                         | 7 400  |
| Rent and rates                | 4 000  |
| Heat and light                | 3 650  |
| General expenses              | 4 250  |
| Restaurant refurbishment      | 8 500  |
| Revenue                       | 70 000 |
| Purchases                     | 22 750 |
| Returns outward               | 2 100  |
| Inventory 1 January 2015      | 1 500  |
| Fixtures and equipment (cost) | 35 000 |
| Provision for depreciation    |        |
| Fixtures and equipment        | 10 000 |
| Capital: Taavi                | 40 000 |
| Garcia                        | 30 000 |
| 8% Loan Taavi                 | 20 000 |

**Additional information**

- (1) Inventory at 31 December 2015, £1 750.
- (2) £5 000 of the restaurant refurbishment was for the purchase of new fixtures and equipment. The remainder was for redecoration of the premises.
- (3) Fixtures and equipment are depreciated at the rate of 15% per annum straight line.
- (4) The 8% loan from Taavi was made to the partnership on 1 July 2015.

**Required:**

- (a) (i) Distinguish between **capital expenditure** and **revenue expenditure**. (4)
- (ii) Explain the correct accounting treatment for the restaurant refurbishment. (4)
- (b) Prepare the Statement of Comprehensive Income and Appropriation Account for the year ended 31 December 2015. (16)

Before preparing the partnership Statement of Financial Position, Taavi and Garcia check the accuracy of the Purchases Ledger and the Sales Ledger by preparing Control Accounts. The following information is available for the year:

(1) Balances at 1 January 2015

|                  | Dr    | Cr    |
|------------------|-------|-------|
|                  | £     | £     |
| Purchases Ledger | 150   | 2 900 |
| Sales Ledger     | 3 300 | -     |

(2) In the year the following transactions took place:

|  | £      |
|--|--------|
| Purchases on credit  | 19 500 |
| Cash purchases   | 3 250  |
| Sales on credit  | 32 000 |
| Cash sales   | 38 000 |
| Payments to credit suppliers   | 15 680 |
| Receipts from credit customers                                       | 27 930 |
| Dishonoured cheques from credit customers                            | 580    |
| Discount allowed   | 630    |
| Discount received  | 1 320  |
| Returns outwards to credit suppliers                                 | 2 100  |
| Refund from credit supplier for overpayment                          | 270    |
| Debit balance on Sales Ledger<br>transferred to the Purchases Ledger | 1 400  |

(3) Balances at 31 December 2015

|                  | Dr    | Cr    |
|------------------|-------|-------|
|                  | £     | £     |
| Purchases Ledger | 300   | 2 320 |
| Sales Ledger     | 5 920 | -     |

**Required:**

- (c) Explain the accounting term Purchases Ledger. (2)
- (d) Prepare for the year ended 31 December 2015, the:
- (i) Purchases Ledger Control Account
- (ii) Sales Ledger Control Account. (18)
- (e) Evaluate trading as a partnership rather than a sole trader. (8)

**(Total for Question 3 = 52 marks)**

**Answer space for question 3 is on pages 15 to 20 of the question paper.**

3(a)(i)

Capital expenditure – Deriving a benefit for more than one year/long term ✓ generally purchasing **non-current** assets. ✓  
Revenue expenditure – Deriving a benefit for less than one year/short term ✓ generally day to day expenses. ✓

(4)

(ii) The purchase of the fixtures and equipment will add to the value of the non-current assets/will be debited to the fixtures and fittings account. ✓  
This will be shown in the SOFP ✓

The redecoration of the restaurant will be debited to an expense account ✓ and will be shown in the Income Statement. ✓

(4)

(e) Valid answers may include:

Arguments for

- More skill and expertise available
- Greater capital
- Cover for holidays and sickness
- Partners can specialise
- Share risks.

Arguments against

- Profits shared
- Discussion before all decisions made
- Responsibility for the decisions of another person/joint liability.
- There may be conflicts.

✓✓ per valid point. Maximum **two** valid points for and **two** valid points against.

| Accrued wages                     | 1 200                  | 1 600                    |
| Inventory                         | 32 000                 | 25 700                   |

- (3) During the year ending 31 December 2015, Carlos made the following payments in cash before banking the cash from sales:

|                               | £      |
|-------------------------------|--------|
| Drawings                      | 11 000 |
| Wages                         | 8 900  |
| Purchase of non-current asset | 4 000  |
| Inventory purchase            | 5 300  |

**Required:**

- (a) Prepare the Statement of Financial Position at 1 January 2015 showing the opening capital. (4)
- (b) Calculate for the year ended 31 December 2015 the:
- (i) revenue for the year (6)
- (ii) purchases for the year. (5)
- (c) Prepare the Statement of Comprehensive Income for the year ended 31 December 2015. (13)
- (d) Evaluate Carlos' decision **not** to maintain a full set of books. (4)

**(Total for Question 4 = 32 marks)**

**Answer space for question 4 is on pages 21 to 25 of the question paper.**

(d) Valid answers may include:

Arguments for maintaining a set of books

- Financial statements can be easily prepared
- Records of individual accounts will make referencing easier
- Management decisions can be made with the support of information
- Preparing tax returns.

Arguments against maintaining a set of books

- Time consuming using time which could be used on trading
- More costly to prepare
- Requires expertise
- Training and updating software
- Security issues.

**SOURCE MATERIAL FOR USE WITH QUESTION 5**

**5** Paco drives a taxi which he owns. The following information is available for the year ended 31 December 2015:

- (1) The taxi was purchased on 1 January 2015 at a cost of £30 000. Paco estimates that it will have a life of 5 years and that he will then sell the taxi for £12 000. He will use the straight line method of depreciation.
- (2) To operate the taxi Paco paid a government licence of £700 for the year.
- (3) Insurance was £4 000 for the year.
- (4) Maintenance and servicing was £500 for the year.
- (5) The taxi uses diesel which costs £1.20 per litre. The taxi uses 1 litre of diesel per 10 kilometres.
- (6) During the year Paco drove customers in his taxi for 40 000 kilometres.
- (7) Paco charged customers £0.55 per kilometre.

**Required:**

- (a) (i) Distinguish between **fixed costs** and **variable costs**. (4)
- (ii) Identify for Paco's taxi:
- **one** example of a fixed cost
  - **one** example of a variable cost. (2)
- (b) Calculate for the year ended 31 December 2015, the:
- (i) Total cost of operating the taxi (8)
- (ii) Total cost per kilometre of operating the taxi (3)
- (iii) Profit for the year made by Paco. (3)
- A friend has advised Paco that he should use another method to depreciate his taxi.
- (c) Explain how Paco would calculate depreciation using the following methods:
- (i) Revaluation (4)
- (ii) Reducing balance. (4)
- (d) Evaluate the use of the straight line method to depreciate Paco's taxi. (4)

**(Total for Question 5 = 32 marks)**

**Answer space for question 5 is on pages 26 to 30 of the question paper.**

5(a) (i) Fixed cost – one which is constant over a period of time or range of production ✓✓

Variable cost- one which varies directly/proportionately✓ with the level of output ✓

(4)

(ii)Fixed cost – licence/insurance/ depreciation/maintenance ✓

Variable cost – Diesel ✓

(3)

(c) Revaluation – Each year value the taxi at market value ✓✓ Deduct the current years’ market taxi value from the previous years’ ✓✓ market taxi value to arrive at the depreciation to be charged for the year.

(4)

Reducing balance – Deduct the accumulated depreciation to date from the cost of the taxi ✓✓ Apply an agreed percentage ✓✓ to the result to obtain the depreciation to be charged for the year.

(4)

(d) Valid answers may include:

Arguments for

- Depreciation each year matching equal usage
- Consistent with previous calculations
- Takes into account expected residual values.

Arguments against

- Cost of depreciation and maintenance will rise as asset becomes older
- Book value does not reflect market value in the early years

NOT

- Simple to calculate
- Same depreciation each year

√√ per valid point. Maximum **one** valid points for and **one** valid points against.

**(Total: 32 marks)**

**SOURCE MATERIAL FOR USE WITH QUESTION 6**

**6** Cade is in business buying and selling goods on credit.

His draft profit for the year ended 31 December 2015 had been calculated at £37 000 before taking the following in to account:

- (1) No adjustment had been made for prepaid expenses, £1 360, and expenses owing, £2 100, at the end of the year.
- (2) In previous years motor vehicles had been depreciated at the rate of 20% per annum using the reducing balance method. At 31 December 2015, motor vehicles had a carry-over (net book value) of £30 000 **before** applying this method. The method of depreciation that had been charged this year was the revaluation method. The motor vehicles had a revaluation of £28 000.
- (3) The provision for doubtful debts balance of £3 800, had not been adjusted. Cade should maintain the provision for doubtful debts at 5% of his £68 000 trade receivables.
- (4) The Statement of Comprehensive Income had been credited with £5 000 representing the increased skills of the staff.
- (5) The closing inventory had been included in the financial statements at selling price of £24 000. Cade uses a 50% mark up on cost.
- (6) Cade had included his drawings of £3 200 as an expense in the Statement of Comprehensive Income.

**Required:**

- (a) Name the accounting concept or convention which has not been complied with in each of (1) to (6) above. (12)
- (b) Calculate the revised profit for the year following the correction of (1) to (6) above. (16)
- (c) Evaluate the use of accounting concepts or conventions. (4)

**SOURCE MATERIAL FOR USE WITH QUESTION 7**

- 7 The following balances remained in the books of Fabron after he had prepared his Statement of Comprehensive Income for the year ended 31 December 2015.

## Balances at 31 December 2015

|   | Dr<br>£       | Cr<br>£       |
|---|---------------|---------------|
| Profit for the year                     |               | 33 900        |
| Trade receivables                       | 18 900        |               |
| Trade payables                          |               | 9 950         |
| Motor vehicles (at cost)                | 34 600        |               |
| Fixtures and fittings (at cost)         | 11 500        |               |
| Provisions for depreciation:            |               |               |
| Motor vehicles                          |               | 13 700        |
| Fixtures and fittings                   |               | 6 800         |
| Inventory                               | 16 000        |               |
| Other receivables: Prepaid rent payable | 250           |               |
| Other payables accrued                  |               | 1 400         |
| Bank                                    | 700           |               |
| Capital                                 |               | 20 000        |
| Drawings                                | 3 800         |               |
|   | <u>85 750</u> | <u>85 750</u> |

On further inspection of the books the following errors were found:

- (1) A debtor, Walford Manufacturing, had been declared bankrupt owing Fabron £3 270. The debt is irrecoverable but no entries have been made in the books.
- (2) Bank charges, £76, had been omitted from the books.
- (3) The prepaid rent payable, £250, had been incorrectly calculated, and this should be £600.
- (4) Motor vehicle repairs, £2 500, had been entered into the Motor Vehicle Account. Depreciation had been charged on this sum at the rate of 20% on cost.
- (5) Fabron paid the insurance on his private home using a business cheque, £265. No entries had been made in the books.

**Required:**

- (a) Explain why the correction of some, but not all errors, require the use of a suspense account. (4)
- (b) Prepare the journal entries to correct the errors (1) to (5) above. Narratives are **not** required. (12)
- (c) Prepare the Statement of Financial Position (Extract) at 31 December 2015 **showing the assets** of the business after the correction of all errors. (12)
- (d) Evaluate the preparation of financial statements when there are still errors in the books. (4)

**(Total for Question 7 = 32 marks)**

**Answer space for question 7 is on pages 34 to 37 of the question paper.**

7 (a)

Some errors are not revealed by the trial balance because there has been a debit and a credit entry of equal value. ✓ These errors will not require a suspense account. ✓

Other errors will be the result of either no debit or credit entry, or a debit and credit entry of different values. ✓ These errors will require the use of a suspense account. ✓

NOT

To balance the trial balance

(12)

Valid answers may include:

Arguments for

- Enables a draft profit to be calculated to give an idea of the profit that may have been generated during the year
- Timing may require that financial statements are prepared before all errors are located.

Arguments against

- The work in preparing the draft financial statements will have to be repeated
- The draft profit is inaccurate and could be misleading.

✓✓ per valid point. Maximum **one** valid point for and **one** valid point against.
